Assessment and Collection

As previously noted, once the Board of Assessment Appeals finished in March, Assessment & Collection moved forward with work on the Grand List of October 1, 2020 which includes sending Annual Income and Expense reports, annual real estate permit fieldwork, and annual personal property discovery for the Personal Property Grand List. These processes are labor intensive and involve visiting properties throughout Manchester to follow-up on activity at locations, some of which may result in an assessment change. These items, along with normal maintenance and adjustment on the Motor Vehicle Grand List, plus office work are a year-round process.

Calendar Year 2018 Annual Income and Expense Reports (1,032 reports) were mailed to owners of commercial real estate in Manchester at the beginning of April. Owners of commercial rental property are required by state statute to annually report income and expenses associated with their rental property. Completed reports are due by Monday, June 3, 2019 (June 1 is the normal deadline, but that is a Saturday this year). Blank reports mailed to owners also included a cover letter and "Frequently Asked Questions" brochure to assist in report filing. By statute, anyone that was sent an Income and Expense Report and does not file must be penalized. The penalty is equal to an additional 10% of the assessment for the property being penalized. Manchester traditionally has a very low penalty rate of 4% to 5% on average.

Tax bills for the October 1, 2018 Grand List are scheduled to be sent in June. Staff works on these tax bills in May and is constantly updating information, including prorating assessments for sold vehicles, or for taxpayers who moved out of state, and updating mailing addresses, which change frequently for motor vehicles, real estate and personal property. We work on collecting delinquent taxes before the next tax bills go out and also review tax bills, balance them, approve the formatting for tax bill prints, and check and balance the system.

Assessment and Collection wishes to again remind senior taxpayers that Wednesday May 15, 2019 is the deadline for senior tax relief programs, including the Homeowner's Program, Additional Veteran's Program, H.E.L.P. program, Senior Alternative Tax Credit Program, and Senior Volunteer Tax Credit Program. Any homeowner who is over age 65 or 100% disabled, owns real estate in Manchester, and meeting the income limits of $36,000 for unmarried taxpayers or $43,900 for married taxpayers who wishes to find out about the senior tax relief programs available to Manchester residents may call 860-647-3016 for more information. We also have more information about our tax relief programs online at this link: http://assessmentandcollection1.townofmanchester.org/index.cfm/property-tax-relief-for-veterans-seniors-and-disabled/

Manchester Health Department and Senior Center

On March 28, 2019, the Manchester Health Department and Senior Center held the “Circus with a Purpose” Senior Health Fair. There were over 50 health care agencies and vendors providing free and low cost health screenings such as hearing, blood pressure, mammography, memory, diabetes, bone densitometry and blood glucose. Healthy food sampling, massage and many door prizes filled the day. More than 300 seniors came and learned about a wide range of topics, including but not limited to safe driving, cardiovascular diseases, elder care, nutrition, sleep disorders, and emergency preparedness.
The Senior Center had the honor of hosting a medal award ceremony on February 21, 2019 for Manchester native Sergeant Howard C. Flavell, Jr. who was killed in action on 3/1/1951. Sargent Flavell earned these medals serving in the United States Army and Connecticut National Guard. On hand for the presentation of the medals to Mr. Flavell’s family were Congressmen John Larson and Joseph Courtney, Manchester Mayor Jay Moran, General Manager Scott Shanley, and members of the veteran’s affairs staff of both Congressional offices as well as friends, fellow veterans, town staff and community members.

Howard C. Flavell Jr. was inducted into the US Army on July 20, 1944 completing his enlistment on August 9, 1946 at the rank of Sergeant. He joined the CT National Guard upon his discharge in 1946 and re-enlisted on January 30, 1948. At the start of the Korean War, Howard was activated and served with Heavy Tank Company 7th Regiment 3rd Infantry Division. On March 1st, 1951 Sergeant Flavell was killed in action. His wife Marjorie was notified of his death by Western Union on March 11, 1951. 14 medals, including the Silver Star and the Purple Heart, were presented to Manchester resident, Sharon F. Rickard, Sergeant Flavell’s only child.

Senior, Adult & Family Services

Senior, Adult & Family Services (SAFS) is conducting a series of Renter’s Rebate clinics throughout the community in May and June. In addition, eligible residents can contact SAFS directly to schedule a Renter’s Rebate appointment at 479 Main Street by calling 860-647-3096. A complete list of clinic schedules can be found at http://safs1.townofmanchester.org/index.cfm/renter-s-rebate/

Renter’s Rebate is a reimbursement program for Connecticut renters who are over age 65 or totally disabled, and whose incomes do not exceed $36,000 (individuals) or $43,900 (married couples). Rebates, in the form of a check, are mailed to recipients and can total $900 for married couples and $700 for single persons. The exact amount is based on a graduated income scale and the amount of rent and utility payments (excluding telephone) made in the previous calendar year. SAFS regularly processes more than 1000 applications between April 1st and October 1st of each year. Manchester residents receive more than $750,000 in rebates annually.

May is Electrical Safety Month

Faulty electrical equipment (i.e., wiring, switches, outlets, cords and plugs, fuse and circuit breaker boxes, lighting fixtures, and lamps) or improper installation of electrical equipment is
the fourth leading cause of home fires and the second leading cause of fire deaths in the United States. Keep these electrical safety tips in mind during Electrical Safety Month:

- Avoid overloading outlets … Consider plugging only one high-wattage appliance into each receptacle outlet at a time
- If outlets or switches feel warm, shut off the circuit and have them checked by an electrician
- Avoid the use of "cube taps" and other devices that allow the connection of multiple appliances into a single receptacle
- Replace or repair loose or frayed cords on all electrical devices
- Do not run extension cords across doorways or under carpets
- Electrical outlets should have plastic safety covers in homes with small children
- Place lamps on level surfaces, away from things that can burn and use bulbs that match the lamp's recommended wattage.
