Animal Control & Laws

Options for vet care have been provided by Manchester Animal Control to assist pet owners with vet services.

A full service vet practice offers a wide range of services in their clinic. Walk in clinics typically only provide vaccination options.

Pet owners may choose to participate in any vet service of their choice. As the owner or keeper of a pet, financial responsibility is your obligation.

If further guidance is needed you may phone our office at 860-645-5516. The Animal Control Division will do our best to aid in offering solutions to suit the needs of pets and their owners.

Owning or keeping of any dog or cat over the age of 12 weeks requires a valid rabies vaccination.

Failure to show proof of such may result in a \$136.00 fine, pursuant to §22-339b.

Dogs must be licensed annually pursuant to §22-349. Failure of an owner or keeper to license a pet during “open enrollment” may result in \$1.00 per month late fees. Failure to license a dog may result in a fine of \$75.00.

Annually, our office hosts a low cost rabies clinic. Our clinic is open to all pet owners regardless of where they reside. In conjunction with the clinic, the town clerk is open for Manchester residents to license their dog(s). Typically our clinic is held the second Saturday in June. For questions on our clinic please phone our office directly for the cost, location and date.

Thank you,
