General Manager's Report

January 2019

Holiday Notices

New Year's Day: Town offices and Libraries will be closed on January 1. Trash will not be collected on Tuesday, January 1 and will be delayed one day for the remainder of the week.

Martin Luther King Jr. Day: Town offices and Libraries will be closed on Monday, January 21 in observance of the Martin Luther King Jr. holiday. There will be trash collection on January 21, and collection will be on the regular schedule all week.

Martin Luther King Celebration

The Town of Manchester's 34th Annual Martin Luther King Celebration will be held on Tuesday, January 15, 2019 from 6:00-7:30pm at Manchester High School (Bailey Auditorium). The theme for this year's celebration is: "Not everybody can be famous, but everybody can be great, because greatness is determined by service... you only need a heart full of grace and a soul generated by love." The event will include entertainment by the Manchester High School Jazz Ensemble, keynote from the Manchester Youth Commission and presentation of awards to recognize students who are promoting positive change in their school and community. This event is free and open to the public. For questions, please contact Kellie Sheridan at (860) 647-5262 or at ksheridan@manchesterct.gov. Please join us for this special evening to honor Dr. King and recognize the amazing contributions of youth in our community!

Christmas Trees

Residents are reminded that Christmas trees can be left out for curbside pickup through Friday, January 18 only (must be out at curb by 6:00am on the person's regular trash collection day). After January 18, trees must be brought to the Landfill Transfer Station for recycling at the organics management site. Please note that trees are ground into wood chips, therefore, **please remove any plastic bags, ornaments, lights or stands from your tree before you place it at the curb**. These items are not recyclable and present a safety hazard to both equipment and personnel. Trees contaminated with these items will not be collected. Please help us in the event of a snowstorm by removing your tree from the side of the road prior to the storm.

Assessment and Collection

Tax bills for the Motor Vehicle Supplemental Grand List of October 1, 2017 were mailed in December and cover vehicles registered after October 1, 2017 and cover a time period through September of 2018. The supplemental list contains nearly 10,000 vehicles. Anyone with questions concerning their Motor Vehicle Supplemental Tax Bill is asked to refer to the brochure enclosed in the envelope in which the tax bill was mailed, or call the Office of Assessment and Collection at 860-647-3016. In addition, taxpayers may visit the Office of Assessment & Collection weekdays between the hours of 8:30am and 5:00pm, or visit the Assessment & Collection web page on the Town of Manchester's web site.

Residents are reminded that current tax payments for the second installment of Real Estate and Personal Property bills for the Grand List of October 1, 2017 are due by the Friday, February 1, 2019 deadline.

In addition to paying all current tax bills (motor vehicle supplemental, personal property second installments or real estate second installments) at Town Hall at either the Office of Assessment & Collection or the Citizen's Service Center (payment at the Citizen's Service Center must be made by check only), you may also use the night drop box located behind Town Hall. Payments may also be made by mail, or online at the Town's web page, www.townofmanchester.org. Once logged onto the Town's web page, click "Online Bill Pay" on the left side of the screen (in the gray box), and you will be able to pay your bill by E-check or credit card. There are detailed instructions on how to pay on the web site. Convenience fees will apply to online payments, and to credit or debit card payments at the Office of Assessment & Collection at Town Hall. It is recommended that those wishing to pay their January tax bills online not wait until the end of the month as the number of users typically exceeds the system's capacity later in the month. Therefore, we recommend that taxpayers wishing to make their tax payments online consider making those payments between the beginning of January and January 28, 2019. Work on the Grand List of October 1, 2018 continues and should be on target for signing in late January 2019.

As previously noted, Manchester continues to be one of the towns in Northeastern Connecticut impacted by defective concrete foundations. Many Manchester homeowners have provided information to have their assessments reduced due to defective concrete (as allowed under Public Act 16-45). As of the beginning of December, roughly 80 Manchester property owners have received an assessment reduction on their house due to defective concrete. Cumulatively, the net Grand List reduction from these properties is roughly \$6,000,000. Anyone who feels their property might have defective concrete is urged to call 860-647-3011 if they have questions. In addition, the Town of Manchester has placed extensive information about the defective concrete problem on our website at this link:

Keep Your Home Free of Carbon Monoxide

Each year, more than 450 Americans die from unintentional carbon monoxide poisoning, and there are more than 20,000 visits to the emergency room with more than 4,000 hospitalizations.

Carbon monoxide-related deaths are highest during colder months. These deaths and injuries are likely due to increased use of gas-powered furnaces and alternative heating, cooking, and power sources used inappropriately indoors during power outages. Please consider the following advice provided by the Federal Emergency Management Agency. More information is available at <http://www.ready.gov/winter-weather>.

- Never use a generator, grill, camp stove or other gasoline, propane, natural gas or charcoal-burning devices inside a home, garage, basement, crawlspace or any partially enclosed area. Locate unit away from doors, windows and vents that could allow carbon monoxide to come indoors. Keep these devices at least 20 feet from doors, windows, and vents.
- The primary hazards to avoid when using alternate sources for electricity, heating or cooking are carbon monoxide poisoning, electric shock and fire.
- Install carbon monoxide alarms in your home to provide early warning of accumulating carbon monoxide.
- If the carbon monoxide alarm sounds, move quickly to a fresh air location outdoors or by an open window or door.
- Call 9-1-1 from the fresh air location and remain there until emergency personnel arrive to assist you.

Human Services Department

Human Services Administration hosted the annual IRS training for Volunteer Income Tax Assistance (VITA) Site Coordinators on Saturday, December 8, 2018 at the Senior Center. Thirty-four Site Coordinators from all over the state participated in the all-day training provided by two IRS agents and one State of Connecticut Department of Revenue Services (DRS) representative. The training is held to update Site Coordinators on any revisions to the tax law or changes in the tax preparation software. The VITA Site at the Senior Center begins operation on Thursday, January 31 from 6-8pm, by appointment only. Taxpayers whose income is \$55,000 or less qualify for this free tax service. Appointments may be made by calling Human Services Administration at (860)647-3092.

Health Department

The Health Department conducted its first anti-vaping campaign, which ran through the end of December, mainly using posters to raise awareness about the dangers of vaping. The Journal Inquirer ran an article on December 17, 2018 promoting the campaign. The goal of the campaign was to educate both adults and students about vaping risks and to reduce the rate of vaping among students. Vaping is a term used for any form of electronic smoking, where the user inhales smoke through an electronic device. E-cigarettes are typically filled with "juice" instead of tobacco, although most juices still contain nicotine and other harmful ingredients. E-cigarettes are designed to be easily disguisable and they can look as innocuous as a USB drive. The State Health Department recently released a memo reporting that, in Connecticut, nearly 15 percent of high school students reported currently using some form of electronic nicotine intake, compared with just more than 7 percent in 2015. A 2017 survey by Change Collaborative of Manchester showed that students in Manchester have a lower vaping rate than is seen statewide. Change Collaborative of Manchester reported that 1.5 percent of seventh-

graders and 6.3 percent of high school seniors in town had used e-cigarettes in the past month. To start raising awareness of the dangers of vaping, the Health Department placed posters in all town buildings during the first week of December. This included town hall, the senior center, and public libraries, among other buildings. Also in partnership with Manchester Public Schools, posters were distributed to both Illing Middle School and Manchester High School. The Health Department is considering holding a series of educational forums in the future, designed to educate both students and adults about vaping.

Where Does Our Food Come From Gardening Workshop - Tuesday, January 22, 6:00 – 8:00pm - Food may come from a grocery store or through a window, but how did it get there, where did it *really* come from and how was it produced? In this culture of convenience we have often distanced ourselves from the producer of our food and the ways it is produced. In this class we will talk about the difference between the terms "GMO", "Natural", "organic", "factory farming", "humane production" and so much more. PowerPoint, discussion and hand-outs will help us to make healthy food choices in the future. Call (860) 647-3089 to register.

Write Out Loud Youth Open Mic - Friday, January 25, 5:00 – 8:00pm - BE A SUPERSTAR in a safe space environment as you engage in an uplifting experience centered on youth voice through poetry, song, music, rap and dance. Perform and/or cheer on others who display their talent and creativity in front of a supportive audience. Youth performers only. No Cost. No registration required.

A History of Trash Workshop - Tuesday, January 29, 6:00 – 8:00pm - Archeologists have made careers of studying the trash from past civilizations, but in the past 50 years, civilization has produced, literally, mountains of trash! How did this happen, what can we do to help reduce the amount of trash we leave, or what will future archeologists say about us? Call (860) 647-3089 to register.

Youth Service Bureau Division

Martin Luther King Celebration, Tuesday, January 15, 6:30-8:00, Manchester High School Auditorium - The Manchester Youth Commission will be hosting the 34th Annual Martin Luther King, Jr. Celebration on January 15th. Every public school has an individual or group that is celebrated at the event. This year's theme is: "Everybody can be great...because anybody can serve. You don't have to have a college degree to serve. You don't have to make your subject and verb agree to serve. You only need a heart full of grace. A soul generated by love." As hosts, the Commissioners will select a Key Note speaker from the group, announce the winners of the awards and prepare a closing speech. We have commissioners who will also be in the MHS Jazz Band which serves as the entertainment. This is an event the Commissioners take great pride in as it is youth who are doing great things for their community honoring youth who are doing the same! Advisor: Heather Wlochowski

Prop Soup January 18th, 5:00-9:00, Manchester Youth Service Bureau - The Manchester Youth Service Bureau has hosted **Prop Soup** for three years. This is an amazing evening full of good food & fun. It is designed as a professional development opportunity. We also invite our youth leadership groups to participate. There is team building and activities that can be utilized in programs, classrooms, and events. Organized by: Heather Wlochowski

Odyssey Community School, January 11-March 1, 12:30-2:30 - The Manchester YSB has collaborated with the schools to facilitate Girls' Circle after school so students have access to late buses. The group is an opportunity for middle school girls to explore what it means to be a girl, to exchange ideas, and explore your future by doing creative, fun and interactive activities. It is designed to foster self-esteem and to help girls maintain authentic connections with peers. In this session we will focus on being Family & Friends. Topics include healthy relationships, dealing with authority, responsibility, mean girl prevention, celebrating self. Facilitated by: Heather Wlochowski

Young Women's Circle, Fridays, January 11-February 1, 3:00-4:15, at the YSB - This will be a gathering of young women from MHS, Cheney Tech, and East Catholic. It will be a safe space where young women can discuss relationships, their futures, their families, and their responsibilities. We will work on forming strong and supportive bonds between women to offset adolescent challenges. We have creative and interactive curriculum to inspire conversation and expression. We are trying 4 week sessions in hopes of attracting high school youth who may be overcommitted but would like to come for support for a shorter period of time. Young women can come to as many sessions as they would like. Facilitator: Heather Wlochowski

Mother Daughter Circle, Mondays, January 9-February 27, 5:30-7:30, Manchester Youth Service Bureau - The first 2019 session of Mother Daughter Circle will begin this month. We are encouraging only new families to join. Mother-Daughter Circle is a program to promote healthy bonds between mothers/guardians, while each session follows the same program

outline, the topics and activities are based on each individual group's needs. Topics and activities include relationship vision boards, communication tools and skills, Mother-Daughter strengths and perceptions, independence and boundaries, understanding perspectives, and bonding. Facilitated by: Heather Wlochowski & Beth Mix
