Assessment & Collection

The State-mandated time period for qualifying seniors to apply for the Homeowner's Program, H.E.L.P. program and Senior Volunteer Tax Credit Program ended on May 15, 2019. The State of Connecticut's Senior Homeowner's Tax Credit Program is a two-year program, with roughly half the participants applying in any one year; over 300 people re-apply each year. After the application period ended, the Office of Assessment & Collection began notifying program participants of their tax credit amounts.

The Office of Assessment & Collection is preparing to mail tax bills in mid to late June 2019. An estimated 68,000 tax bills will be mailed, which includes over 17,000 real estate tax bills, over 47,000 motor vehicle tax bills and over 3,000 personal property tax bills. We will once again use "statement billing", which means that taxpayers receive an itemized listing of their motor vehicle tax bills, rather than a separately mailed bill for each vehicle. It is easy to determine the tax amount for each vehicle, reduces the risk of tax bills being lost in the mail and saves several thousand dollars in printing and postage expenses.

Real estate bills reflect assessments set at 70% of market value as of October 1, 2016, the effective date of Manchester's current revaluation. Residents are reminded that current tax payments mailed in June 2019 are due by 6:00 p.m. on Thursday, August 1, 2019. Current taxes include Motor Vehicle tax bills and the first installment for Real Estate and Personal Property. Failure to make timely payments will subject taxpayers to interest charge of 1.5% per month from the July 1, 2019 due date, with a minimum of \$2.00. Please note that there is no mailing for the second Real Estate and Personal Property bill installment. Both payment coupons are included with the bill mailed in June. We urge taxpayers to mark their calendars for mid-January 2020 as a reminder to make their second installment payment.

Current tax payments (not delinquent) may also be made at the Customer Service and Information Center in Town Hall. Also, for your convenience, there is a night drop box available near the handicapped accessible door to the rear of Manchester Town Hall, 41 Center Street. You may reach the Office of Assessment & Collection at 860-647-3018 for tax collection questions, or 860-647-3016 for assessment questions.

The Office of Assessment & Collection is open from 8:30 a.m. to 5:00 p.m. Monday-Friday, with extended hours of operation on Thursday, August 1, 2019 until 6:00 p.m. Assessment & Collection typically experiences its heaviest customer demand during the time period between when tax bills are mailed and the August 1st payment deadline. Demand is likely to be at its

peak between 11:30 a.m. to 2:00 p.m. during the first week after tax bills are sent, and during the time frame from July 28, 2019 through August 1, 2019. We recommend that customers consider using our office's services at times when there is traditionally less demand, such as between 9:30 and 11:00 a.m., and between 2:30 and 3:30 p.m., or that customers pay by mail or online, or refer to the Assessment & Collection department page on the Town's web site, where information about many basic questions, as well as links to our online database and online payment systems are provided. We also recommend that those paying taxes online consider doing so prior to July 27, 2019 as over the last few days of the payment cycle we typically experience a heavy volume of people paying taxes online, and the demand often may exceed the available bandwidth to accommodate all users.

Assessment & Collection Account Associate Laira Rehbein, recently took CCMC Course II and passed, receiving one of the higher grades on the final exam. Course II is the second of the four courses required for Laira to sit for the comprehensive final exam to receive a Certified Connecticut Municipal Collector (CCMC) designation.

The Office of Assessment & Collection wishes to extend our condolences to the family and friends of Shakti Lane, who worked in our office for over 20 years before retiring in 2011. She was a kind and friendly person who was liked and admired by many and she will be missed by many people in and around Manchester.

For more information, contact Kellie Sheridan (860) 647-5262 or ksheridan@manchesterct.gov

Manchester Youth Commission meets on the 1st & 3rd Tuesday each month, Town Hall, Manchester Room

The Manchester Youth Commission will hold its final meeting on 6/11/19. It has been a productive and learning year. We are certain we are going to excel in the upcoming year as the existing commission will be returning for another year. We are excited to welcome in 4 new members in September. Facilitated by Heather Wlochowski, M.S. **Voices Conference, 6/3-6/6, Stamford Connecticut** - Heather Wlochowski will be attending a 4 day curriculum training and conference on a new approach for the young women we serve. "Voices: A Program of Self-Discovery and Empowerment for Girls". The curriculum focuses on development of "self". This curriculum is built on theoretical research and a hands-on approach that enhances safety for self-discovery. It uses group process, circle work, journaling to help explore past and present circumstances and can help build a hopeful future. The YSB will be excited to implement in the upcoming fiscal year.

End of the Year Celebration, 6/19, Riverfront Adventure - The YSB in collaboration with Riverfront Recapture will be hosting an end of the year event for YSB youth. This field trip will be full of adventure by using the challenge course and dragon boats as well as hiking and discovering the natural world. We will end the day with a picnic in the park where the youth can continue to explore, play volleyball, do the art work; all on the banks of the beautiful Connecticut River.

Boys Council (ages 12 to 14), May 7 to June 11, 2019, 3:00 to 4:00 pm - Boys Council offers pre-teen boys and adolescent young men a solid pathway towards a healthy masculine identity development and also provides a unique, gender specific approach to helping boys navigate growing up male in today's society. While in Boys Council, the boys are provided with a place where boys can meet and engage in "Guy Talk." This is how Boys Council works, each week, a group of six to ten boys of similar ages and development meet with one or two facilitators for one and a half hours to two hours. These meetings are held for ten weeks or more, depending on the capacity of the setting. For more information call Pierre Brilliant at (860) 647-5223.

Boyz to Men, May 2 to June 13, 2019, Ages 15 to 18, 3:00 to 4:00pm - Boyz to Men meets twice per month. During their meetings, mentors and mentees do a variety of in-house activities, which usually includes a group discussion. In the group discussion they talk about topics ranging from drug abuse, teen violence, sexual activity, education, career goals and whatever the kids are currently experiencing at home, school or in the community. The mentors try to engage the young men in conversations by letting them know that no matter

what they are currently going through, other people have also gone through something similar and they are there to help. The young men seem to love the experience. The Boyz to Men program also conducts one out-of-house activity during which the mentors try to expose the young men to situations that they are not accustomed to doing. For example, the mentors have taken the young men to NBA basketball games, museums, white water rafting, ROPES challenge course, fishing, and camping. For more information call Pierre Brilliant at (860) 647-5223.

Stay Safe While Enjoying Your Grill

The National Fire Protection Association (NFPA) recommends that grillers pay particular attention to safety in the spring and summer months when home fires involving grilling incidents occur most often. Three out of five households own a gas grill, according to NFPA's "Home Fires Involving Cooking Equipment" report, which translates to a lot of tasty meals. But it also means there's an increased risk of home fires. Each year an average of 8,700 home fires are caused by grilling. While gas grills contribute to a higher number of home fires overall than their charcoal counterparts, NFPA reminds everyone that all types of grills pose a risk for fires and burn injuries. When grilling, NFPA suggests the following:

- Grills should receive a thorough "spring cleaning" before using them for the first time of the season.
- Propane and charcoal BBQ grills should only be used outdoors.
- The grill should be placed well away from the home, deck railings and out from under eaves and overhanging branches.
- Keep children and pets at least three feet away from the grill area.
- Keep your grill clean by removing grease or fat buildup from the grates and in the tray below.
- Never leave your grill unattended when in use.
