**About Manchester Cultural District:** Liz Shapiro, DECD's Director of Arts, Preservation and Museums announced this prestigious designation on March 7, 2024, stating, "Manchester's cultural district is twice the fun – it is literally two districts in one! Come to Manchester and bring your family. Great restaurants, very accessible and kid-friendly art galleries, restaurants and museums, plus a Children's Museum with live animals! We're excited to promote the natural vibrancy of this historic cultural destination." The two unique exploration paths Liz was talking about are described below.

The **North/South** path begins at Center Springs Park and travels down Main Street. Along this route, visitors will encounter landmarks like the Elks Club, the Vietnam War Memorial, the Army & Navy Club, and the Mary Cheney Library. WORK\_SPACE, a multifunctional Coworking, Meeting, and Gallery space owned and operated by the town, adds a modern touch to the historical journey. The path includes local businesses, such as a tattoo and art gallery, coffee and ice cream shops, Urban Lodge Brewing, and an array of retail stores and restaurants. This path also traverses the Central Business District, part of which benefits from being designated as an Opportunity Zone, promising growth and revitalization.

The **East/West** path offers a different flavor, starting from Charter Oak Park, known for its Rotary Music Garden, playground, and connection to the Charter Oak Greenway, stretching all the way to the Cheney Brothers Historic District. This path includes the Lutz Children's Museum and cultural landmarks like the Manchester Historical Society, Old Manchester Museum, and Labyrinth Brewing, and culminates at the Mahoney Center, home to the town's Culture and Leisure Labs.

**Manchester Mayor Jay Moran** stated, "The Town of Manchester is blessed to have a multitude of cultural institutions, venues, activities, and other assets (both profit and nonprofit, artistic, economic, and educational) in and surrounding our existing Downtown and Historical areas. Our residents and visitors have a plethora of opportunities to experience culture, art and community in ways that make Manchester special. The cultural District designation will greatly assist Manchester to encourage, support and showcase artists and creative businesses, promote tourism, raise awareness for our rich cultural resources and inspire community participation. This designation will also help us to highlight Manchester's unique 200-year history and optimize the quality of life for those that work and live here."

Downtown Manchester is also the stage for various annual events that bring the community together, such as the *Manchester Road Race* on Thanksgiving Day, *Cruisin' on Main* Car Show, *Silk City Fest*, *Holiday Tree Lighting*

*& Caroling*, and the monthly *2nd Saturday Downtown Open House*, featuring performances by *Imagine Manchester* buskers and a vendor pop-up at the *Firestone Studio and Café*.

This designation not only acknowledges Manchester's dynamic cultural landscape but also highlights our commitment to promoting the arts, supporting creative entrepreneurship, and enhancing economic growth through cultural tourism. Manchester's Cultural District stands as a testament to our town's dedication to creating an environment where arts and culture thrive, benefiting residents and visitors alike.
